

Land Grab Confirmed

By Anna Von Reitz

It's hard to accuse anyone of being a conspiracy theorist when the guilty parties admit what they are doing:

Bear in mind, that if these pikers don't have a grant or valid use permit issued by the actual State Legislature prior to 1860, they have no basis to claim any ownership interest in any of the land or soil of any State impacted by Hurricane Helene.

Also bear in mind that this Governor was absent without leave for three days.
