

The Next Hours are Going to be Really Good

Friday. Six pm. The weekend has started and you begin to thinking about the good things that you can do in your free time, and the first one, for sure, is watching KZG News. When the music starts and that two guys showed in your screen with a lot of rock stars you know for sure that, as Cachorro Grande said, the next hours are going to be really good.

For me has been like this since August 02, 2019, when the first KZG News was launched in Kazagastão YouTube channel. This program is so amazing that i decided to make this little tribute showing some numbers and curiosities from the first 100 programs.

Enjoy!

...mas sei que as próximas horas
SERÃO MUITO BOAS.

The Boys Are Back in Town

Introducing the presenters

Gastão Moreira

Rock public activist since 1990 when he started to work as VJ for MTV and was responsible for introducing to Brazil many rock and heavy metal bands that are few known until then. His work continued in several companies such as TV Cultura, Kiss FM, Atlântida FM, Fashion TV and others, always with great relevance and importance.

As musician he was the guitarist of R.I.P. Monsters and bassist of Kratera.

Maybe his better work is the creation and direction of the documentary: Botinada: A Origem do Punk no Brasil.

Today it is in front of the Kazagastão Channel.

Nando Machado

Nando Machado is the founder of ForMusic, a company that provides solutions for bands and musicians who need help getting around the business. Prior to that, he worked at major music companies such as Sony Music, Universal, Deck and EMI. Today he uses his great rock knowledge to lead the Wikimetal Youtube Channel.

As musician he was the bassist of Exhort and ToyShop, besides having already played with big names like Andre Matos, Val Santos and Andreas Kisser.

Guess who just got back today?

Sad But True

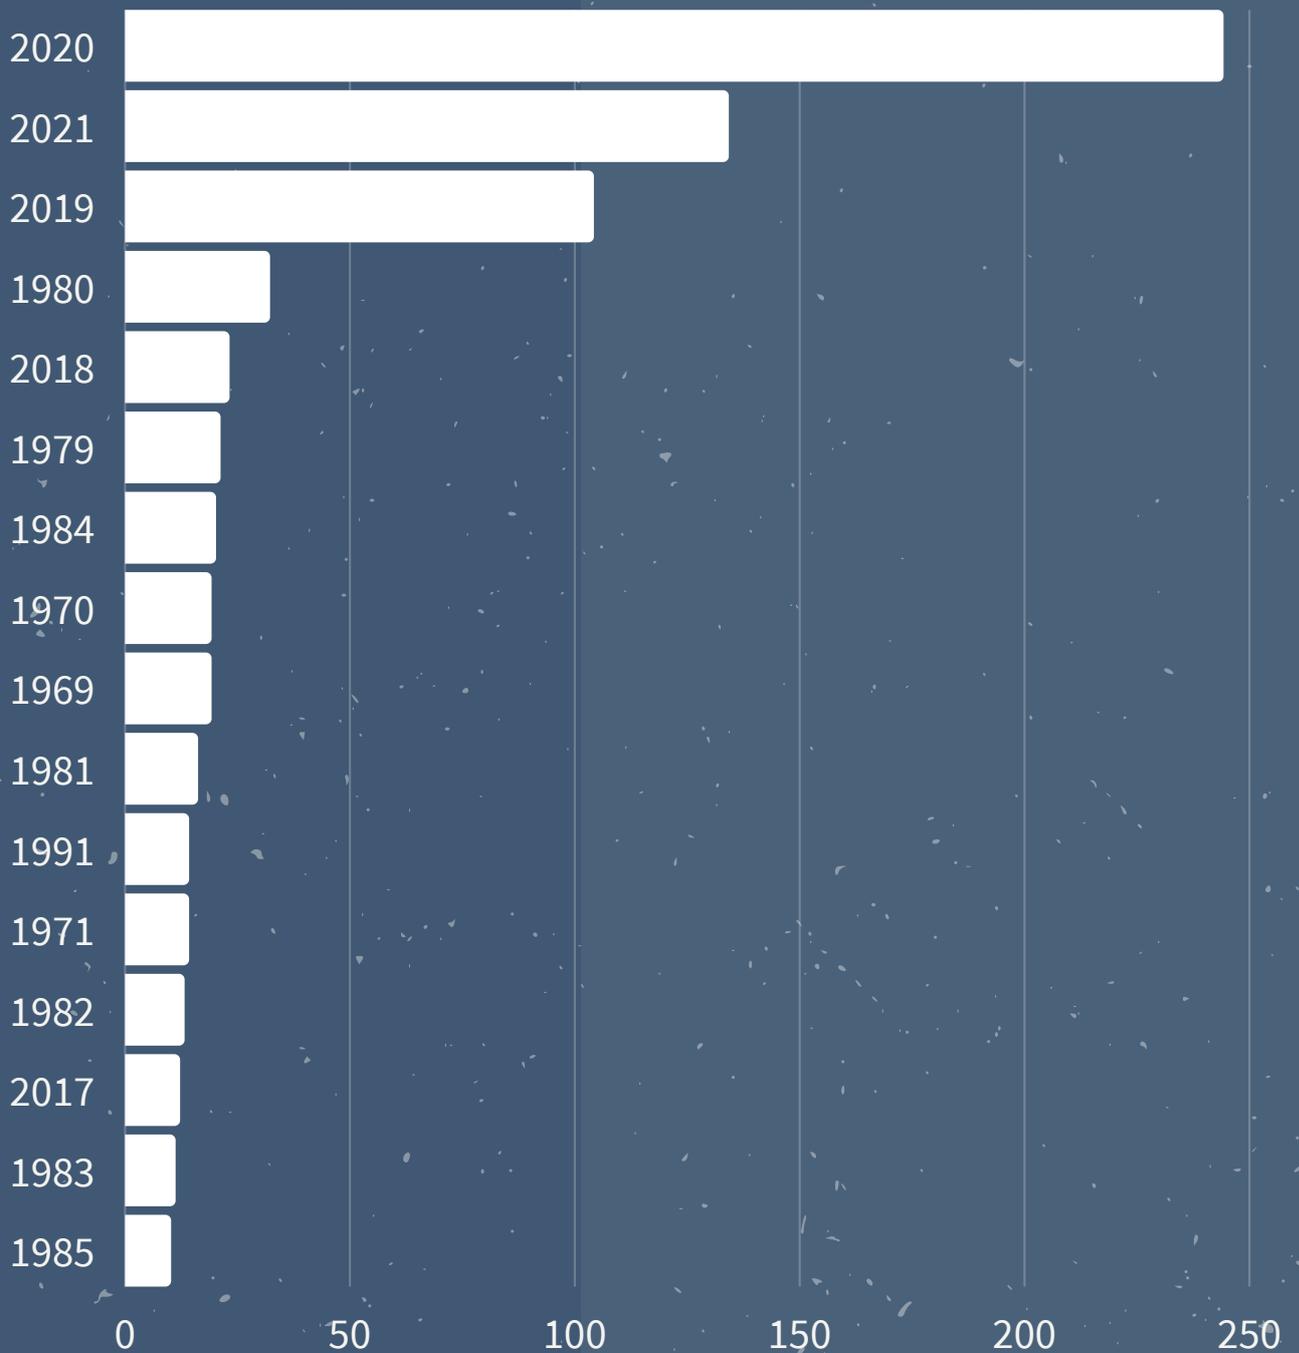

Sadly, KZG had to announce 134 deaths in these 100 programs, some of them even got a special program just to talk about this and pay a last tribute, like Eddie Van Halen, Peter Green and Little Richard. But, in my opinion, the most painful to the presenters was the Kichi's death, so this is another tribute to this great guy, who represents here everyone who has left and fondly remembered by KZG.

I'm your pain when you can't feel
SAD, BUT TRUE

Next Year

Surely, for being a news program, the arts (albums, movies, books, series, documentaries) from the last 03 years was the most mentioned in this program, but, many arts of others years were also cited. The chart below shows the years whose arts was most quoted.

Curiosity Kills

Now it is time for some curiosities about this first hundred programs:

- Daniel Dystyler replaced Nando Machado in programs 5, 6, 23 and 25;
- At KZG News 32 (03/13/2020) coronavirus was mentioned for the first time;
- At KZG News 34 (03/27/2020) they performed separately, each in their own homes, for the first time;
- The average time of the programs is 11 minutes and 18 seconds, the shortest was the first, with 06 minutes and 55 seconds, and the longest was KZG 91 with 16 minutes and 26 seconds, which spoke of the new single of Val Santos, new Gojira's album, Megadeth's tour, Paulo Gustavo's death and other things (KZG 100 was not considered in these averages, because it was a special program);
- The average number of views in 07/13/2021 is 21,043, the most viewed is KZG 94, with 32,106 views dealing with the output of the bassist from Megadeth and the new tour of Guns N Roses. (Only regular programs for calculating these averages were considered);
- At KZG News 91 the new opening theme song, made by Val Santos, was presented. The previous one was by Fernando Kanarek;
- In those hundred programs was presented 1195 news.

I take this opportunity to pay tribute to the entire team from Kazagastão and Wikimetal that supports the creation of KZG News, here represented by Beatriz Barbi, responsible for the recordings. Thanks!

It's what we're on.

CURIOSITY KILLS

... uma pessoa que a gente gosta muito...

Finally, a last tribute to Nando Machado, who, more than informing, seeks to have fun (as some examples below), what is very important are these times.
