

Noel Alexander Muir

4 September 1930 - 19 May 2005.

*Much beloved husband of Earline; dear, dear dad of Anne and Hamish;
dearly loved brother of Alison Mather.*

*Five years ago, Noel passed away peacefully at North Shore Hospice after
a valiant 5-year battle with cancer.*

*Today, on Saturday, 4 September 2010, we commemorate what would
have been Noel's 80th birthday with the planting of this strong, young
Kahikatea tree in these beautiful and safe surroundings.*

*We know Noel will watch over it to ensure it reaches it's full potential as
a giant of the forest, just as he has always watched over his family.*

*Happy Birthday to you, dear Noel
With all our love.*
