User Connection Apps Now Available

GO BUSINESS

Covering all 47 prefectures, GO BUSINESS is the ultimate taxi app in Japan. Ordering a taxi is easy - simply select your pickup location on the map in the GO smartphone app to request a taxi.

It takes just a few steps to link GO BUSINESS and your Concur Expense account for an easy company-paid invoice process and simplified taxi expenses. When you connect GO BUSINESS and Concur Expense, your e-receipt (electronic receipt) from the GO taxi app will automatically appear in your receipt store and will be available for your next expense report in Concur Expense.

** To take advantage of this feature, please download the latest version of the iPhone or Android app. Additionally, payment is limited to GO Pay.

GO BUSINESS works with Expense for Concur Standard and Expense for Concur Professional. It is now available in the SAP Concur App Center under User Connections (formerly Apps for Me) at www.Concur.com/AppCenter. For more information about the GO BUSINESS integration, visit https://go.mo-t.com/business

DoorDash for Work

DoorDash for Work integrated with Concur Expense makes ordering and expensing meals easy. Together, they are a comprehensive solution designed to raise the bar on food experiences at work and eliminate commonplace meal ordering frustrations.

With DoorDash for Work's comprehensive meal ordering platform, you can order from 450,000+ partner restaurants across the country using a leading food and drink app *and* get your food delivered in an average of 35 minutes or less. By automatically syncing your meal expenses with SAP Concur, you save time, so you can focus on your core work tasks or recharging, in-stead of dealing with the headache of expensing.

Here are a few benefits of syncing your DoorDash for Work account with Concur Expense:

· Effortless expense reporting: Gone are the days of tracking down all your receipts at the end of the month. All your DoorDash for Work receipts are automatically sent to your Concur Expense account and matched with expense and credit card transaction details, if available, so you no longer have to waste time collecting, scanning, itemizing, and sending your meal expense information for reimbursement.
· Adaptable to your needs: Whether you're working from the office, home, or on the go, the flexible meal order management platform is available on mobile and desktop, so you can order meals no matter where you are.
· It saves you money: Not only does ordering meals save you time, but DoorDash for Work also provides free delivery and reduced service fees from thousands of restaurants, saving money for the employee and the employer.

What does expensing meals look like with Concur Expense integration?
Expensing meals and tracking your reimbursement process is made simple in 3 easy steps:

1. Easy Setup: Just sync your DoorDash employee account via Connect button on the DoorDash listing page in the SAP Concur App Center.
2. Expense After Checkout: When you're confirming your order on DoorDash, simply click "Send to Concur" to sync your expenses.
3. Automated Tracking: DoorDash sends receipts directly to your Concur Expense reporting tool for easy reimbursement.

DoorDash for Work works with Expense for Concur Standard and Expense for Concur Professional. It will be available soon in the SAP Concur App Center under User Connections (formerly Apps for

Me) at www.Concur.com/AppCenter. For more information about the DoorDash for Work integration, visit https://work.doordash.com/en-us/

Cabify

Cabify connects companies with the means of transport that best suit their needs, serving customers in over 40 cities across Spain and Latin America. Its main objective is to make cities a better place to live. To do this this, Cabify seeks to decongest the streets by providing a safe and quality transport option through technology.

Cabify for business has revolutionized the way companies move. Cabify uses advanced technology that ensures a safe and quality service with competitive rates.

The integration of Cabify with Concur Expense facilitates business management by easing cost control automating employee expenses. By integrating Concur Expense and Cabify, your company will benefit from:

- Automated expense reporting: Each trip will generate an expense in Concur Expense.
- Save time, money, and paper: Goodbye paper receipts, hello digital. All Cabify receipts are stored in a single platform, and will additionally appear in Concur Expense without having to enter them manually.
- Live report monitoring: Check each user's expenses and travel information (day, time, origin, and destination) as soon as each trip is generated in Concur Expense.

Cabify works with Expense for Concur Standard and Expense for Concur Professional. It is now available in the SAP Concur App Center under User Connections (formerly Apps for Me) at www.Concur.com/AppCenter. For more information about the Cabify integration, visit https://cabify.com/en
