House Bill No. **1244**

EXPLANATORY NOTE

This bill was approved by the House of Representatives during the 19th Congress.

Last August 16, 2016, the University of Science and Technology of Southern Philippines (USTP) was established by virtue of Republic Act 10919. The USTP is a state university established through the amalgamation of the Mindanao University of Science and Technology (MUST) in Cagayan de Oro City, Misamis Oriental and the Misamis Oriental State College of Agriculture and Technology (MOSCAT) in Claveria, Misamis Oriental. Both campuses are located in Northern Mindanao, the Gateway to Mindanao, which offers a strategic locational advantage for the institution to train and develop students from all the other regions of Mindanao.

In order to fully realize the potential of the USTP, the University needs to have a College of Medicine. This will give students from Region 10 another high-quality medical school, especially those deserving and qualified students who do not have the financial resources to go to private medical schools.

A college of medicine in the USTP will provide excellent medical education and training to potential doctors. This will also address the shortage of physicians in the Region.

In view of the foregoing, immediate approval of this measure is earnestly requested.
