ETN

ET NETSA COIN PITCH DECK

Revolutionizing Digital Economy

Empowering
Communities with
Decentralized Solutions

THE CHALLENGES

01

Lack of online payment gateways in countries like Ethiopia.

02

Limited access to global e-commerce markets.

03

Need for decentralized governance and education.

04

Insufficient revenue opportunities for content creators.

OUR SOLUTION - \$ETN

01

A versatile
cryptocurrency built
on the TON
blockchain.

02

Facilitates decentralized
advertising, e-commerce,
governance, and online
learning.

03

Empowers users and
businesses to participate
in the global digital
economy.

MARKET POTENTIAL

01

E-commerce expected to generate over \$6 trillion globally by 2024.

02

Growing demand for blockchain education and decentralized governance.

03

High user engagement through biolink and advertising platforms.

ETN ECOSYSTEM

ads.etnetsacoin.ton

Decentralized advertising portal.

sell.etnetsacoin.ton

E-commerce platform for virtual and physical items.

learn.etnetsacoin.ton

Online learning platform focused on blockchain education.

bio.etnetsacoin.ton

Decentralized biolink service

dao.etnetsacoin.ton

Governance platform for decentralized decision-making.

home.etnetsacoin.ton

Official website of the ETN ecosystem.

PLATFORM FEATURES

01

Secure and transparent transactions using ETN tokens.

02

Advanced analytics and customization for advertisers and creators.

03

Decentralized governance with voting power based on NFT ownership.

04

Comprehensive online learning library with profit-sharing for instructors.

IMPACT ON ETHIOPIA

01

Provides an alternative to traditional payment gateways.

02

Opens access to global e-commerce and advertising markets.

03

Fosters innovation and economic growth.

04

Enhances digital literacy and blockchain expertise.

ROADMAP (2024-2027)

YEAR 1
