EXPERIENCE

Turkcell

Lead Frontend Developer

July 2024 - Current

Senior Frontend Developer

June 2020 - July 2024

- Leading the development of frontend web applications and providing technical leadership through code reviews, architectural decisions, and best practices for Turkcell Digital Insurance Company ([Wiyo](#)) and Turkcell Insurance Company ([Güvencell](#)) including both customer-facing platforms and internal call center and dealer interfaces.
- Developing scalable and maintainable user interfaces using **React & Next.js**, with unit tests implemented using **Jest**.
- Developing Wiyo mobile application using **React Native**.
- Integrating frontend applications with an open-source headless CMS, **Strapi**, for content management.
- Collaborating with backend teams working on a Java-based microservices architecture.

KoçSistem

Frontend Developer

July 2019 - June 2020

- Worked on the corporate social media platform **Workplace** at KoçSistem, designed to support internal communication across large-scale organizations.
- Implementing frontend features using **React**, **Redux**, and **WebSocket** technologies.
- Collaborated with backend services built on **ASP.NET** and **Node.js**.

Teleskop.app

Frontend Developer

Oct 2018 - July 2019

- Worked on **Teleskop**, a web-based monitoring and analytics application that enables companies to track brands and products through keyword-based insights.
- Delivering the web frontend using **React & Next.js** and mobile application using **React Native**, focusing on performance, usability, and scalability.
- Integrated frontend applications with Python-based backend services.

Fabrika Medya

Frontend Developer

May 2018 - July 2019

- Developed and maintained multiple web applications for the digital agency using **React & Next.js**, including projects for the Turkish Ministry of Transport and Infrastructure ([UAB](#)) and the [Aloparça](#) e-commerce platform.
