LONCON 3 PIGEON KIT

To make a pigeon for the Loncon 3
Exhibit Hall. Time Machine to deliver it
not included.

Donated by Caroline Mullan

Grab a bid sheet. Cash, card or
PayPal to leagueff.uk@gmail.com

LONCON 3
The 72nd World Science Fiction Convention

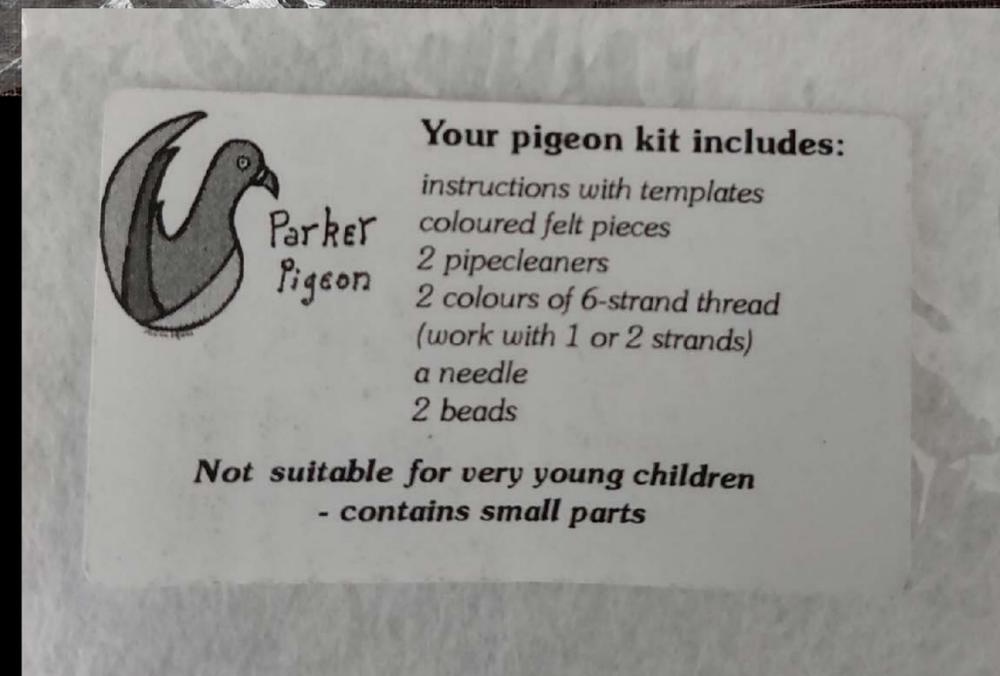

A Loncon 3 Pigeon

Making your pigeon.

There's no right or wrong way to put Pigeon together but this is how I did it. The pattern is designed to be oversewn rather than sewn and turned inside out. If you prefer to do this, add a hem allowance when you cut the fabric.

Sew from the head and along the pigeon back – I use blanket stitch. Pin the gusset tabs (legs) to the tabs on the body part and stitch together; leave the leg tabs open at the bottom, you need these open to attach the legs later. You also need to leave a gap for stuffing and afterwards close it up.

Put the body wings together (three pieces each) and either glue (pva glue is good) or stitch together. Stitch or

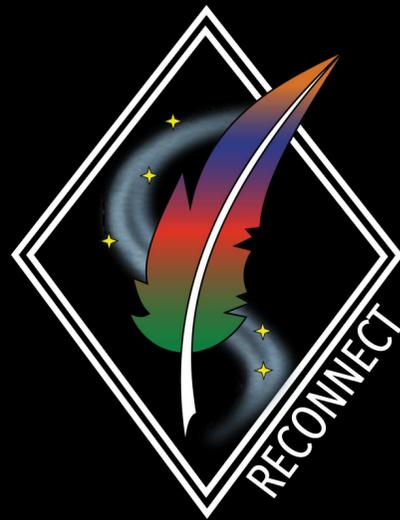

Your pigeon kit includes:

- instructions with templates
- coloured felt pieces
- 2 pipecleaners
- 2 colours of 6-strand thread (work with 1 or 2 strands)
- a needle
- 2 beads

**Not suitable for very young children
- contains small parts**
