Partner Program 2026

Become an O&O Partner today and secure attractive partner benefits!

Dear Partner,

Since 1997, we have been developing innovative solutions for Windows at our Berlin, Germany location, supporting millions of users worldwide in their daily work. Your trust as our partners plays a central role in this, and we have been grateful for it for over 28 years.

To show our appreciation for this long-standing partnership, we have made our Partner Program even more attractive for 2026. As part of our expanded Partner Program, we offer you exclusive discounts and opportunities to increase and sustain your sales with our products.

Enjoy the convenience of ordering our products at any time through our secure partner area and receiving them within minutes – easy, fast, and on account.

Some highlights of our improved Partner Program include:

Attractive quarterly promotions: Benefit from additional support when selling our products.

Your promotion ideas count: Share your individual promo ideas for our products directly in the O&O PartnerWeb. We will immediately get in touch with you to optimally realize your ideas.

Special solutions for Managed Service Providers and IT Technicians: Discover tailored offers like O&O BlueCon for disaster recovery and O&O Syspectr for IT remote management, including premium modules such as Intel vPro support.

If you have any questions or concerns, your personal contact or our Technical Support is available to provide quick and effective solutions.

We look forward to making 2026 a successful year together with you!

Warm regards,

Olaf Kehrer, Co-founder and CEO of O&O Software GmbH, est. 1997

Convincing reasons for a partnership with us:

Since 1997, we have been developing customized Windows solutions in Berlin that focus on everything to do with your data: Backing up, rescuing, optimizing and protecting. Our focus is on small and medium-sized enterprises, whose needs we understand precisely - because we are an SME ourselves. Our technology is standardized and scalable so that it can also be used in large company environments without any problems.

Managed Service Providers (MSPs) and IT Technicians will find exactly the tools they need to provide their customers with a first-class service. Our products support millions of Windows users in their work every day, helping to save costs and optimize workflows.

We are an agile company that takes the feedback and suggestions for improvement from our partners and customers seriously and incorporates them into our product development and service. Our goal is to achieve success together with our partners.
