

PRIVÉ POD

Optimise your workspace

The PRIVÉ Pod offers an instant solution for your Workspace, from Virtual Meetings to In-person Collaborations with Teams of 10+

Why are office booths so important

The PRIVÉ Pod from Siam steel is a fifth generation product, having been enhanced for over 4 years to create a thoughtfully designed space that takes into consideration the diverse work patterns and activities that employees engage in throughout the day. Not only does it provide excellent sound isolation but it also offers a range of amenities and equipment within arm's reach, allowing for seamless and efficient daily work. With computer controlled adjustable lighting and ventilation, fabric linings and magnetic locks, our booth enhances productivity and fosters collaboration. Experience the quality difference and discover a new level of productivity, technology and comfort in your work space.

SPEECH LEVEL REDUCTION >30DBA

Using ISO 23351-1:2020

SOUND ABSORBING WALL

The side walls of the acoustic booth consists of no less than 6 layers of materials designed to effectively block and absorb sound.

ENVIRONMENT CONTROLLER

The three way computerised dimmer panel allows users to have full control over the ventilation speed, brightness, and colour temperature, allowing them to create a personalised and ideal working environment that promotes productivity. Presence detection automatically turns lights on, but can be over-ridden to turn all functions off.

AIR VENTILATION

Computer Controlled Automatic Refresh

The PRIVÉ Pod is unique in being controlled by a computer, which (amongst other functions) is programmed to ventilate the air automatically every 30 minutes when nobody is inside, which keeps the booth fresh.

MOVABLE DESIGN

For flexible placement and effortless movement. The Acoustic Pods for Offices have wheels so that you can move it easily in your building. You don't have to hire movers for small jobs anymore.
