

GETTING STARTED

Downloading and Authentication

The EBSCOhost app is available for download from the iTunes app store. After downloading the app, you will need to send yourself an authentication key from your institution's EBSCOhost account.

Click the **EBSCOhost iPhone and Android Applications** link at the bottom of the screen.

An email with an authentication key is sent to you.

Access the email **from your device** and click the link found in the email to authenticate the application.

You have 24 hours to access the key from your device to authenticate the app. If the key is not used within 24 hours, it expires and you will need a new key.

THE HOME SCREEN

From the **Home** screen of the EBSCOhost app, you can:

- Tap on the **Find** field, enter your search terms, and click **Search** to search EBSCOhost
- Tap **My Recent Searches** to view a list of your 25 most recent searches
- Tap **My Saved Searches** to view a complete list of your saved searches
- Tap **My Saved Articles** to view a complete list of all articles saved to your device

Click the **Home** button to access the Home screen at any time.

THE SETTINGS MENU

From the **Settings** menu, you can select which databases to search.

In this demonstration, we'll select to search the *Business Source Corporate* database.

You can also set your Search Options preferences:

- **Full Text:** Tap to limit all searches to results that have full text available.
- **Peer Reviewed:** Tap to limit all searches to results that are peer-reviewed.
- **Autocomplete:** Tap to turn the Autocomplete feature on.
