EXHIBITIONS & DISPLAYS

Get your show on the road with our range of indoor and outdoor exhibition displays. With these eye-catching, attention-grabbing visual displays, your business will look 'the business' no matter where you are.

If you're attending a trade show, conference, exhibition, fête, festival or fair - you need to stand out from the crowd. You'll find some innovative ways to make sure you and your business make the right impression, wherever you happen to be.

Before you attend your next event with a cheap tablecloth, scruffy roll-up banner and a box of Quality Street, have a look through the following pages for some intensive marketing inspiration. Our team of creative designers will help you to develop the perfect look, no matter which of these items you go for.

Gab a cuppa, have flick through these pages and discover how we can help you make your business the star of the show.

FABRIC DISPLAYS

All our freestanding displays are highly portable. Clip together the frames, then pull over the fabric graphic. Use at networking meetings, exhibitions or for in-store point-of-sale displays. When it's over, dismantle in minutes and be on your way again - each comes with a carry case.

HOW FABRIC DISPLAYS WORK

Fabric Displays are made up of two main components — a strong, lightweight, tubular aluminium frame and a printed fabric cover.

The 260gsm Stretch fabric cover is printed on both sides as standard. Designed to fit snugly over the frame, it is secured at one edge with a zip fastening. The fabric cover is changeable and additional covers can be ordered separately.

These 'next generation' displays deliver maximum impact and completely eliminate the problem of visible join lines on larger displays.

Fabric Display frames utilise a simple 'click together' mechanism.

Each part is numbered for easy identification and quick assembly.

Stretch the fabric graphic over the frame and zip up.

All Fabric Display frames are supplied with a carry bag for easy transportation and storage.

Each stand clicks together in a few minutes and then simply stretch over the printed fabric graphic.

BACKDROPS

Ever had to build one of those frames with magnetic bars and panels of graphics? Not fun. Our curved backdrop displays pop up in minutes. Each has a continuous graphic, so you don't need to worry about lining up panels – stretch your message across the whole stand. They're optionally double sided too. And the magic of stretchy fabric is you can flip which side is front each time. One message at one event, flip, different message at the next.

TENSION FABRIC BOXES

Turn any corridor or communal area into a mini art gallery with beautiful fabric boxes. Each is an aluminium frame, with thin channels. Attach a fabric graphic, which has silicon stitched to the edge, by stretching it across the frame. The graphic extends right to the edge of the frame, giving a large, uninterrupted, display area. Wall Boxes can be screwed to a smooth wall, and Lightboxes are free standing. Lightboxes feature a row of led lights inside the frame which illuminates the image from behind. Graphics and frames can be ordered separately. Lightboxes are double sided — so two graphics are recommended.

GAZEBOS

Printed gazebos are all the rage at farmer's markets, festivals and fairs. Our range now features new lower cost options, so you can make the most of your marketing budget.

In every case, the gazebo frame is the same. It's compact for storage, then pops up and locks into place.

You've got a choice of a plain black canopy, your name or logo printed on the front fascia or your branding fully printed on all sides and the top too. Each canopy is a water resistant material that'll keep you and your stock dry if it rains.

Clip on the number of sides you want. A full height wall hangs from the top, or you can choose half height walls, which come with a rail. Why not print a half height wall for the front too, to act as a cool branded counter?

Remember you can buy all the printed parts separately, so you can change your messages for each season or each event, and keep using the same frame. Neat!

DESIGN YOUR GAZEBO

3x3m

This 'Viceroy' gazebo has a fascia printed canopy plus one half height wall and one full height wall

3 x 3 x 3m Gazebo & canopy
Printed on waterproof 285gsm Tent Fabric
Walls full colour print on one side or both sides
Fire retardant and fade resistant
Supplied with heavy duty steel frame, carry bag, ground pegs and guide rope

STEP 1 CHOOSE YOUR SIZE

The smallest is 2m x 2m. Our bestseller is 3m x 3m, bigger than typical domestic gazebos. Our most impressive is the double-width 6m edition and for those that need something in-between, we have the 4.5m edition.

STEP 2 CHOOSE YOUR CANOPY

We have two styles of gazebo frame; 'standard' grade for infrequent short-term use and 'heavy duty' for the most robust and durable applications. Both options include a full printed canopy graphic. For a low-cost option ask about our plain canopy or printed fascias.

	2x2m	3x3m	3x4.5m	3x6m

Heavy Duty	£822	£1138	£1380	£1787

STEP 3 ADD YOUR WALLS

Most people finish their gazebo with walls. The most popular combo is one full height back wall and two half height sides. Half height walls include a hanging rail - put on the front to hide a table if you're selling stuff over the counter.

FLAGS

Let's do a little experiment. On your way home tonight, count the number of flags you see. They're absolutely everywhere. Why's that? Well for less than a hundred quid, you get a three metre high, fluttering, piece of eye catching marketing for your business. They are such great value, it's no wonder businesses are lining them up on their car park and forecourt and outside their front door. All our flags are suitable for use indoors and outdoors. They're double-hemmed for durability, with a strong pole pocket which is designed to be used multiple times.

CREATE YOUR FLAG...

STEP 1 CHOOSE YOUR STYLE

Choose from a Teardrop, Quill or Empire shape, depending on your personal taste. See options opposite.

STEP 2 CHOOSE YOUR MATERIAL

Lowest cost option is a single sided flag material. In exposed environments, choose Vent material. Or go double-sided and your message can be seen the right way round on both sides.

STEP 3 CHOOSE YOUR BASE

Get the right base for the surface you want to display your flag. We've got options for indoors, for grass and outdoor pavements.

🔥 Wash flags at 30°
before using in wet
weather to prevent the
ink from running

STEP 2 CHOOSE YOUR MATERIAL

SINGLE SIDED

The lowest cost option. Your design will be printed one side. If viewed from behind, you'll see a mirror image on the reverse.

DOUBLE SIDED

Have a different message on each side of the flag, or show the same message on both sides - we put a blackout divider in between to prevent showthrough.

VENT WEAVE

For more exposed environments, opt for a single-sided vent material which allows maximum air to pass through.

ROLL-UP BANNERS

These portable Roll-up Banners are ideal for indoor exhibitions and permanent office displays. Choose from either economic smooth 210mic polyester roll-up film or 300mic greyback stay-flat film material which prevents light from passing through and eliminates curling on the sides. Both substrates are printed using UV inks which gives them a scratch- and water-resistant finish. We also offer a variety of banner cassettes for additional durability and stability. Each includes banner stand, pole, single-sided banner graphic and carry case.

ECONOMY
