

Proposition 65

California's Proposition 65 requires businesses to provide a "clear and reasonable warning" before exposing anyone to a listed chemical that OEHHA determines to be a carcinogen or a reproductive toxicant. We are required to label all products sold in California. All Water, Inc. products meet or exceed the requirements of the Federal Safe Drinking Water Act. We're confident that there are no consequential health hazards associated with our products. For more info, please visit www.p65warnings.ca.gov.
