Created BY a working actor, FOR the working actor.

I’m Treisa Gary and I started teaching my first transformational process, “8 Steps To Working Actor”, in 2009. It's responsible for my work on over 100 tv episodes and movies, like, Peabody Award winning “Unbelievable” & “Silicon Valley” and movies like “Famous” & “Vice”, which won an Oscar.

I never imagined working with Christian Bale, Nicolas Cage, Kerry Washington or Elle Fanning, but it happened and it could very well happen for you!

Not only did it happen for me, but hundreds of actors I've shared my knowledge with. They went from grinding to thriving artists, landing roles on shows like Modern Family, Grey's Anatomy, The Neighborhood, NCIS, Jane The Virgin, Superstore and so many more. With my guidance, they discovered their own authentic confidence and connection to the work, to attract a **SUCCESSFUL ACTING CAREER**.
