Concurrent Enrollment

UtahStateUniversity

**Concurrent Enrollment (CE) is a program that allows high school students to earn college credit and high school credit at the same time.**

USU serves Cache, Logan, Rich, Box Elder, Tooele, Duchesne, Daggett, Uintah, Carbon, Emery, Grand, and San Juan school districts as well as Pinnacle Canyon, Terra Academy, and Uintah River charter schools.

For students who are unsure if college is a good fit for them, Concurrent Enrollment can be a great chance to try it out. Utah students who participated in Concurrent Enrollment saved thousands of dollars on college tuition. Utah State University CE courses allow students to earn college credits, satisfy General Education requirements, start entry-level certificate programs, and offers a path to college credit.

# GENERAL EDUCATION AS CONCURRENT ENROLLMENT

General Education classes are especially helpful as Concurrent Enrollment courses because they are required for college graduation and transferable from one college to another. General Education requirements can be completed as concurrent enrollment.

USU General Education requirements consist of 30 credits from the following course categories:

## Core Courses

- ★ Quantitative Literacy, QL

## Breadth Courses

- ★ American Institutions, BAI
- ★ Creative Arts, BCA
- ★ Humanities, BHU
