Smart tools for smart contractors

In the contracting business, eliminating costs means increased profits. For contractors of all sizes, streamlining the creation and management of the information necessary for filings, reporting and project management is an excellent opportunity to reduce costs and improve efficiency. Quantum Software Solutions offers a number of software tools to help improve your bottom line.

The Quantum Project Manager Suite
Flexible, easy-to-use tools for serious contractors

The Quantum Project Manager Suite was engineered to manage and track all of your project needs with ease. With Quantum Project Manager, you can produce estimates and bid proposals for a project, complete contract documents, generate progress billing payment applications and job cost reports, print certified payroll reports and create and track all your communications along the way—all with one simple, easy-to-use tool. While the Quantum Project Manager programs are designed to all work together, the programs can be purchased and used independently or in any combination. They **even integrate with QuickBooks®** (contact us for more info). The programs in the Quantum Project Manager are:

Contractor Billing made easy!
Create your AIA* style payment applications quickly and easily. Print the application for payment, continuation page, change orders, job cost reports and much more.

Certified Payroll Reports as easy as 1, 2, 3.
Generates the U.S. Department of Labor WH-347 certified payroll report and the WH-348 certification page. Print, email or electronically submit them. Most state and city versions also included.

Communications made easy!
Create, print, and accurately track your documents and communications regarding your projects. RFIs, Notices, Transmittals, Submittals, Letters, Insurance Notices, Telephone Log, Correspondence Sent and Received, Punch Lists, Meeting Minutes, Schedules, Daily Reports, Material Logs, Warranty Notices and more.

Contract Documents legal-ease.
Create and track Contracts, Purchase Orders, Sworn Statements, Proposals, Change Orders, Waivers and Releases, and Schedules. Print log and status reports. Use customizable MS Word templates for complete control

Estimating that's fast, accurate, flexible.
Flexible to allow you to create and print a simple estimate with basic information or a more detailed estimate based on more complex conditions and calculations.

Equipment Tracking is a breeze. New Module!
Automate your equipment management system. Maintain equipment information, scheduled/completed maintenance, assignment, training, miles/hours. Monitor operating costs and all your critical information with this easy-to-use program.

Bottom line: serious tools for serious contractors. For more information, visit www.quantumss.com, email sales@quantumss.com or call **800-894-1278**.
